

Consumer Protection Act - Are you compliant?

There has been much hype in the press regarding the Consumer Protection Act and the manner in which it may dramatically impact on commerce. What isn't always stated is that the Act does not apply to ALL transactions, institutions or enterprises.

We have consulted extensively on the applicability of the Act, and are offering, for a limited period, a free one-hour risk assessment for your business in relation to the Act. Should you wish us to undertake such an assessment for you during this limited time anywhere other than our at offices (either Bedfordview or Saxonwold), we will charge only our reasonable travel expenses.

In our view it is imperative that all business leaders should be well acquainted with the Act and its possible impact on business and hence we have also prepared a full Power Point presentation on the provisions of the Act and its regulations, and would be happy to discuss the possibility of presenting same to your executives and managers at an agreed charge.
